Trade4Sure

We make sure business pays

EULER HERMES

Safe growth through reliable credit advice *and* payment guarantee

As an entrepreneur, you want your business dealings to be sound, yet you want to be independent and autonomous in terms of your operations. With a payment guarantee of Euler Hermes you can.

Your solution

Euler Hermes is world market leader in credit insurance and corporate collection and is part of the Allianz Group. Trade4Sure is your support for business transactions at home and abroad.

Three separate services can be easily purchased online:

- Credit check
- Insurance of the invoice
- Collection of the insured invoice

Credit check

You can check the creditworthiness of your customers online. In most cases, the result of this check will be instantly displayed onscreen. Checks can be requested for domestic and foreign customers all over the world. You pay per company credit advice, of which the costs are depending on the country. This includes a monitoring period of one year.

Payment guarantee

When you have checked your client and are seeking a guarantee of payment, you can insure one or more invoices to this client. This insurance offers 85 per cent cover and you can insure a sum of up to € 250,000! You pay an average premium of 2 per cent of the invoice amount.

Collection service

Is your claim insured? If so, your collection costs are covered. We also take care of uninsured collections at competitive collection rates on a no win no fee basis.

More information

Request a payment guarantee via www.trade4sure.nl. Within 24 hours you will receive an access code and password giving you access to all services.

If you want to have more information, please visit www.trade4sure.nl, contact one of our staff on tel. + 31 (0)73 – 688 99 99, or send an e-mail to info@trade4sure.nl.

Key benefits of Trade4Sure:
